

# What can you do with a degree in \_??

## Activity # 11

You have picked one or more majors you are interested in learning more about. Now it is time to see what kind of occupations match these majors. Find a website or go to one of these sites to help you answer these questions. You may also use college catalogs to help you.

Make a table to show the results of researching the following questions about your top **two** majors. Who knows one of them may be a minor!

1. List at least 3 jobs that you can do for each of your preferred majors.
2. How much can you make?
3. What are at least 3 sample work settings that interest you?
4. What are some strategies that you could do out side of the classroom to make you stand out from other applicants for the job?
5. What are the sub-fields or career paths for these majors? Example for

Geography: Human, Physical or Statistical: Economics: Economic and Market

Research, Banking and Finance, Government, Research or Insurance
