

# Liberty Middle School FRIDAY FOCUS

March 3, 2023

SLAB conferences are right around the corner. Teachers and students have been working hard to make the conference just right for their guardians. This week we also sent a couple teachers to the MACE conference. This is a wonderful opportunity for educators to network and learn new technology ideas to implement in the classroom.

Last Friday was a special day. I had the privilege of chaperoning the Treble Choir to and from Wichita for KMEA. It truly was the very best day with this group of amazing students. The biggest smiles were present all day! I was so proud of how our students represented themselves and our school.

We had the 2nd graders at LMS a few times during the school day this week. They were awesome and sounded so great. They brought a different type of energy to the building. I was happy to meet a young man on Monday and he made my day on Thursday as he ran off the stage to say hello. His smile was needed in that moment!

As we venture into the 4th quarter, it doesn't seem possible, but I am looking forward to all the excitement spring brings.

Just a heads up there won't be a Friday Focus next week leading into Spring Break! Something new 4th quarter, The "FrogPod" is coming. Podcasts with students-it could get interesting!

## Rudd's Random Thoughts

The 2022-23 school year completes the final year in USD 382's five year Kansas State Department of Education's accreditation cycle. "Accredited" means our system is in good standing with the State Board and we have provided conclusive evidence of growth in student performance. In addition, our school has provided evidence of an intentional, quality growth process. Liberty Middle School staff is continually reviewing data and making necessary adjustments to provide the best opportunities and support we can for our students.

## Greenback Shoutouts

- Check out our new bulletin board in the teachers lounge. Ms. Brooke did it all free-hand. She's special to us!
- Thank you to SCK for training a few staff members in Crisis Intervention. This will help many of our students.
- As we prepare for SLAB conferences, I want to extend a special thank you to Ms. Heather for organizing all the documents for teachers. Rockstar!
- Mr. Logan-THANK YOU! Your dedication to the Treble Choir and all your hard work paid off.
- Congratulations to our wrestling teams on a very successful season.

## Quote Corner

Students don't care how much you know, until they know how much you care. John C. Maxwell

## Hill's Headlines
