

LIBERTY MIDDLE SCHOOL

FROG FOCUS

February 23, 2024

This week started with a professional learning day. All USD 382 staff and faculty traveled to Lyons to listen to the famous Gerry Brooks. Look him up, he's so funny! Brooks spoke on creating a positive culture and climate. It was a wonderful day of togetherness and very inspiring. I got to cover for Mrs. Malone's science class for a few minutes this week as they did a lab. These students make me smile. CKL league champions- 7th grade Scholars Bowl team! Congratulations students and coaches. We have students at State KMEA today, more on that next week. Go Greenbacks!

Hill's Headlines
