

# Liberty Middle School FRIDAY FOCUS

February 17, 2023

Happy Friday everyone and good luck to our Greenback's competing this weekend. As we prepare for SLAB conferences here at LMS, I can't believe we are beginning week six of the third quarter. This year is just flying by. I had a student stop by the office early this morning and a staff member commented how much he has changed since the beginning of the year. I am inspired at the time and energy our teachers put into positively changing the lives of our students each day. Sometimes it may not show in the classroom or on paper, but it shines brightly in small interactions that happen each day.

## Counselor's Corner

Last week Mrs. McGreevy supported 31 students via individual sessions, small groups, phone calls to home or community outreach, or email.
