

FRIDAY

FROG FOCUS

BACK TO SCHOOL

We have the first full week in the books and we've had a blast. We welcomed our students back with "High-Fives in the circle drive" and it was such a great evening with our families. The staff and students have hit the ground running. Our current enrollment at LMS is: 284 awesome Greenbacks and we are blessed by them each and every day! A little history, in 2010 5th grade was added here at LMS. This year we return to being only a 6-8 grade building and we are eager to journey through the 24-25 school year together.
